Sources of Funding

Funding for the Iowa One Health Conference has come from colleges & state institutions, veterinary and medical state trade groups, and student government organizations all throughout

Iowa, as well as the Student American Veterinary Medical Association. Iowa One Health Conference registration fees also contribute to funds raised.

One Health Course, Certificate, & Training Offered

Offering Continuing Education credits has been considered for the Iowa One Health Conference. Contact us if interested in this for future iterations of the event.

Other One Health Activities & Initiatives

The annual Iowa One Health Conference was founded in 2016, and has been planned jointly between the University of Iowa Center for Emerging Infectious Diseases, the Iowa State University College of Veterinary Medicine, and Iowa One Health. See the conference page [here](#) or contact iowaonehealth@gmail.com for more details.

On November 22, 2017, in recognition of One Health initiatives in Iowa, Governor Kim Reynolds signed a Proclamation declaring November as [Iowa One Health Month](https://goo.gl/WfujEm) (<https://goo.gl/WfujEm>).

History of IOH's One Health Involvement

Though existent as a network since 2016 to plan the inaugural Iowa One Health Conference, Iowa One Health has existed by name since 2017.

Additional Information

Iowa One Health continues to seek partnerships with others involved in One Health nationally and worldwide. Creating conversations and collaborations in health research are active goals of the organization.
